Celebrating Frankie Laine's signing of a contract with Columbia, Jim Conkling, president of the firm, shakes hands with his new top notch attraction. The photo, taken after Frankie's first session for the Columbia banner, shows him holding a copy of his initial release, "Jezebel" backed with "Rose, Rose I Love You", a disk which looks like another smash. Both Conkling and Mitch Miller flew out to the coast to be present as Frankie recorded his first sides under their auspices.

2 MINUTE ACTION

Some years ago *The Cash Box* urged record manufacturers to speed up recordings to play around the two minute mark.

The reason, *The Cash Box* reported, was because speedier playing disks meant speedier possibility for profit for the music ops.

The Cash Box also proved that some of the outstanding hits of all time in juke boxes were recordings of two minutes or thereabouts.

For example, "Peg O' My Heart" with The Harmonicats, one of the stellar juke box moneymakers, was a two minute disk. There are many others in this category, like Dinah Shore's "Buttons And Bows", also a two minute disk.

There must be some seconds allowed for the average phono to get each disk into playing position. Even if the machine is filled with coin, regardless of the fact that the disk is two minutes, doesn't mean that thirty complete records will be played during the hour.

It takes time to change from one disk to the other and, therefore, the best the operator can hope for is approximately twenty-five disks being played steadily for an hour (during a peak hour's play) which would then mean the phono would take in \$1.25 for that steady hour's play.

Similarly, if the records are of three minute, or longer playing time, this would mean that less than 20 recordings could be played (on a full hour's steady play) and that about 15 records would be heard, which would, in turn, mean that the machine would take in 75 cents for a full hour's play.

In short, then, the two minute disk is a mighty important item to the average music operator everywhere in the nation. It means approximately fifty per cent more gross income for his music machines.

Now, it seems, the pinball operators have the same problem. They claim that since the inception of the flippers which are considered among the most outstanding attractions ever added as a feature to pinball action, the games have been slowed down to as much as four and five minutes playing time by extremely skillful

players who can flip the balls up and back for that length of time.

By curtailing the playing time, these operators report, they have found that collections have, similarly, also been curtailed, with the result that, even tho the games cost more and they must take in more to amortize this higher cost, they now find that they take in less.

Of course, in the case of the pinball operator the problem is very hard to solve. The players like the flippers tremendously. Yet, the operators state, something should be arranged by the engineers to cut playing time down to about two minutes.

Some operators have, therefore, urged that games be cut down to three ball play, instead of five ball play, to speed the action.

It seems, then, that two minutes is becoming more or less the "standard" time for all types of coin operated amusement and music equipment.

It must be stated to the credit of amusement game engineers that they have always made it their business to build the games so that the play would be speedy, but, would not lose one bit of interest for the player. And that's not an easy achievement.

The record manufacturers have always regarded the "three minute record" as their standard. Today, many watch spinning time, to the point where the greater majority of the records which are released, are around two minutes spinning time.

In short, play action must be speeded for the average operator so that, during his peak play hours, he can realize the maximum amount of income.

These peak play hours are the hours when he amortizes the cost of his equipment. This is, therefore, the most important part of his play action.

The irregular play action that his equipment receives during the balance of the day is the time when he hopes to show some profit.

Two minute action should become the coin operated amusement standard.

THE CASH BOX covers the coin operated machines
industry, and all allied to this industry in any fashion
whatsoever, throughout the United States, Canada,
Central and South America, Africa, Japan, Hawaii,
Philippine Islands, and other Asiatic and Pacific coun-
tries, as well as certain European nations. *The Cash
Box* is on hand at various American consular offices
throughout the world. This coverage includes operators,
jobbers, distributors and manufacturers and all allied
to:—automatic coin operated music equipment; auto-
matic coin operated vending and service machines;
as well as coin operated amusement equipment; in all
divisions. The music and record fields, recording
artists, publishers of music, disc jockeys, radio sta-
tions, and all others in any fashion identified with, or
allied to, the coin operated music machines industry
are completely covered. Manufacturers and distributors

of various merchandise, parts, supplies, components and
all materials used in the coin operated vending, music
and amusement fields are covered by *The Cash Box*.
Banks, finance firms, loan organizations and other
financial institutions, expressly interested in the financ-
ing of coin operated machines of all types, are covered
by *The Cash Box*.

THE CASH BOX IS RECOGNIZED by various asso-
ciations of coin machine operators throughout the
United States as their "official" weekly magazine.

"THE CONFIDENTIAL PRICE LISTS"

"*The Confidential Price Lists*" are the one and only
officially recognized price guide of all new and used
machines in the United States. "*The Confidential Price
Lists*" are an exclusive, copyrighted feature of *The Cash
Box*. "*The Confidential Price Lists*" report each week's
low and high prices for all new and used coin operated
machines, regardless of age, listing all market changes,
and continually adding on all the new equipment as this
equipment is announced to the industry. "*The Confid-
ential Price Lists*" are recognized by many cities and
states throughout the country as the "official price book
of the coin operated machines industry". They are an
integral part of *The Cash Box* and appear in each
week's issue. "*The Confidential Price Lists*" are offi-
cially used in the settlement of estates, for buying, sell-
ing and trading of all coin operated equipment, and are
also officially recognized for taxation purposes. "*The
Confidential Price Lists*" are used by finance firms,
factors, loan companies, bankers and other financial
institutions to guide them in making loans to members
of the coin operated machines industry. They have been
legally recognized in courts throughout the United States
and Canada. "*The Confidential Price Lists*" have been
acclaimed by the coin operated machines industry. En-
tire business transactions and legal cases are based
upon the quotations appearing in "*The Confidential
Price Lists*".

SALESMANSHIP KEY NEED

For years leaders in the industry have made it their business to educate operators to the need for salesmanship.

There is no doubt that, without good salesmanship, the average operator will find that he cannot long continue to enjoy profit from his operation.

A great many operators have neglected to "sell" locations on the machines which they feature in those locations.

This is becoming ever more apparent. Traveling men report that they are simply amazed, when they call to visit with operators, to learn how their new equipment is doing, to find that many operators are actually ignorant of the various features of machines.

In fact, as one noted leader stated the other day, "Many operators, whom I've contacted lately, think that all they have to do nowadays, is simply plug in the electric cord, and the machine'll do the rest."

Like many others have also said in past months, ops simply neglect to "sell the location owners".

Instead of selling location owners on how the new equipment will help them to "hold" customers in their places, and will also help them to clear much of their overhead expense and, possibly, even enjoy some profit, ops just simply run the machine into the spot, plug it in, and leave.

The location owner today is just as anxious as the operator to enjoy profit. He must be shown that the new phono, which the operator brings him, has so many new, different, and better features, that his customers will not only enjoy better music and greater selection, but, that he can, by enthusiastically telling his customers all about the new machine, help hike play to the point where both he and the operator begin to enjoy profit.

Startling as it may seem to many of the old timers in the industry, salesmanship has, once again, become the key need.

Operators have neglected to sell themselves, sell their services, as well as sell the importance of their games and music to location owners.

Everyone has come to "accept" things "as they are". In short, many ops seem to think that, "the location owner knows all about it".

But, this is not the case. The location owner doesn't know "all about it". He

does not know the features of the new equipment brought into his place of business.

He must be sold and resold and then sold all over again. That's the way every large organization in the nation arranges to sell, sell, and then sell over and over again, every retailer in the country.

Manufacturers of intensively advertised, nationally known brand merchandise, send their missionary men and their regular salesmen into the retailer's place of business over and over and over again, selling and reselling him on their merchandise.

The operators simply must adopt the same type of salesmanship methods. The operator must "sell the location owners" on his route over and over again.

When he brings in a new game or a new phono, he must spend time explaining that instrument. Must "sell" the machine to the location owner. So that the location owner, in turn, will resell it to the players.

This was just lately demonstrated by the sales manager for one of the leading manufacturers. He called on many of his distributors and found that they were not really selling the operators on his firm's new product.

He then decided to go direct to many operators, who were sold samples of the machine, and learn what they were doing. Here, again, he found little or no salesmanship being practised. The operators were not selling their location owners on the machine.

After visiting with these operators (as well as his distributors) in a tour of certain states, and completely explaining the product, as well as advising operators how other ops were selling their locations, he found business in those territories suddenly increasing. His machine and his factory now enjoy better business from these areas.

Music leaders have urged operators time and again to "sell" their location owners on the better tone, finer and greater selection, opportunity for profit, and the general effect of the musical instruments in their places of business.

Operators do start out with these ideas. Then, after a short time, drop the idea of continually "selling" location owners. The result is that collections drop down to former low marks.

There is no doubt that operators just can't spend all of their time going about "selling" the idea of what their machines can do for the storekeepers. How these machines can help hold and please customers. How they make the place more popular. How they relax and cause the people to want to come back to the location again and again and enjoy themselves. And, last but not least, how the location profits from the machines.

But, operators can, quickly and subtly advise location owners, during collection time, of the features of any product, and how the storekeeper can make that product important to his business. They can, at the same time, offer bonus arrangements for increased play action (just as salesmen earn bonuses for better salesmanship) as well as spend a few more moments explaining some of the reasons why coin operated amusement is so important to the average retailer.

This sort of campaign is of double value. In the first place, it not only "sells" the location owner on helping boost play, but, it also "sells" the best kind of public relations program. If well sold the storekeeper passes on his enthusiasm to his customers. His customers learn to better appreciate the coin operated machine to the point where play increases and where all enjoy more fun, relaxation and better profits.

It is up to the operators to so instil enthusiasm for any product into their location owners by good salesmanship that the location owner will transmit that enthusiasm to his customers. With the public enthusiastic over any product, operators realize that they will enjoy better profits.

Salesmanship is, today, the key need of the industry. Not only must the nation's distributors really sell the operators, to the point where the ops most completely understand the new machine, but they must sell so enthusiastically hard that the operators will pass this enthusiasm on to their locations.

Regardless of whether the operator believes that he has "many times told the location owner all about the machine", he must, again and again, over and over again, sell the storekeeper.

Salesmanship is today's key need.

Record Review

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"I WHISTLE A HAPPY TUNE" (2:44)

"SWEET SWEET PAULINE" (2:16)
STARLIGHTERS
(Capitol 1481; F-1481)

● The Starlighters provide some good harmony as they run through two happy sounding items. The top deck features an interesting set of lyrics which the group sings out with verve. Buddy Cole's orchestra comes up with the backing at either end and helps to make this a disk which ops oughta hear.

"ON TOP OF OLD SMOKY" (2:30) "THE SYNCOPATED CLOCK" (2:12)

PERCY FAITH ORCH.
(Columbia 39328)

● Burl Ives, who introduced the folk tune on the top half several years ago, records it again with Percy Faith's orchestra. Ives gets a very authentic flavor into it. The lower end finds the Faith crew going through a popular instrumental and doing it very well. Ops will do ok with this.

"MEMPHIS BLUES" (2:25) "WHEN YOU'RE SMILING" (2:00) CLYDE McCOY ORCH. (Mercury 5612)

● An instrumental of a terrific oldie is offered here by Clyde McCoy and his orchestra. Clyde goes to town with a real crying trumpet in his well known style. The second side is another standard on which Billie Jane Bennett does the vocal and Clyde comes in for a trumpet solo. Both sides make for mighty fine listening.

"JEZEBEL" (2:36) "PENNSYLVANIA DUTCH" (2:22) ALEXANDER BROS. (Mercury 5620)

● A tune that's kicking up a lot of excitement gets an interesting rendition from the Alexander Brothers on the top deck. Harry Geller provides the backing as the boys go through this thing in good style. The second half is a lively number with some happy sounding lyrics. Ops might take a peek.

"MY PRAYER" (3:10) "TOO LATE NOW" (3:27) DICK HAYMES (Decca 27565; 9-27565)

● Dick Haymes has two beautiful ballads on his current disk and he does a first rate job with both of them. The top deck is an oldie into which Dick pours a lot of feeling. The lower half is from "Royal Wedding" and the tune gets one of its best renditions yet on his recording. Ops shouldn't miss it.

"NINE TWENTY SPECIAL" (3:00) "BECAUSE OF YOU" (3:12) BOB CROSBY (Coral 60440)

● Bob Crosby and his boys offer a jumpy instrumental on the top half. Making with some good music, the band sends this number reeling. The second side finds Bob singing out the lyrics to a pleasant sounding item which should get some coins into the boxes. Ops will want to have a listen.

DISK OF THE WEEK

"JEZEBEL" (2:59)

"ROSE, ROSE I LOVE YOU" (2:32)

FRANKIE LAINE

(Columbia 39367; 4-39367)

FRANKIE LAINE

● Frankie Laine's first disk on the Columbia label is a smash. One of the most unusual in Frankie's long line of unusual disks, "Jezebel" is bound to sweep the country with the dynamic interpretation it gets here. Ops who get it into their boxes right now can be sure of a

steady play for a long time to come. The side reunites the singer with Mitch Miller and these two have together turned out some of the greatest moneymakers in recent years. Mitch did the arrangement and the backing on this one and his stamp stands out all over it. With Frankie turning in one of his most inspired vocals, the excitement of this piece can't help but be contagious. The second side too is an interesting one. It's a Chinese melody, translated to English and it's a big thing in England at the moment. Frankie gets an excellent assist from the Norman Luboff choir who also do so much to make the first side outstanding. "Rose, Rose I Love You" is orchestrated by Paul Weston and it too is a top notch side. The one we think will run away however is the first one. Ops can't help but clean up with it.

"I'LL NEVER KNOW WHY" (2:11) "FAITHFULLY YOURS" (2:37)

RAY ANTHONY
(Capitol 1490; F-1490)

● The smooth orchestra of Ray Anthony goes to work on two numbers which provide some good material. Tommy Mercer does the vocal at either end in excellent style while Ray and the band comes through with two fine arrangements and orchestrations. These are easy sides to listen to.

"GOTTA FIND SOMEBODY TO LOVE" (2:48)

"WHEN YOU AND I WERE YOUNG MAGGIE BLUES" (2:20)

MINDY CARSON
(RCA Victor 20-4119; 47-4119)

● Mindy Carson has a couple of novelties on this disk which she performs in a wonderful manner. The upper half is a likely item which she does in slow tempo as Norman Layden and the orchestra back her up. The second side is the much recorded up to date version of an oldie and Mindy turns in a lovely job on it. Both ends are good juke box fare.

"HERE COMES THE SPRINGTIME AND THERE GOES MY HEART" (2:05)

"WHEN DOES THIS FEELING GO AWAY?" (3:14)

FRAN WARREN
(RCA Victor 20-4115; 47-4115)

● A very sprightly number perfect for this time of the year, is put forward on the top deck by Fran Warren. With Hugo Winterhalter's orchestra backing her up, Fran does this flowing tune in a manner which could make it step out. The lower half is a slow ballad again getting a good rendition. The top deck is the one for ops to watch.

"IF YOU HAVEN'T GOT A SWEETHEART" (2:47)

"SWEET, SWEET PAULINE" (2:36)

DENNIS DAY
(RCA Victor 20-4116; 47-4116)

● Dennis Day runs through two numbers which should help him sustain his popularity. The first side is a lovely new tune on which he gets some help from the Norman Luboff Choir while the second side is a big voiced rendition of a very happy item. This is right for his fans.

"MOONLIGHT BAY" (2:49) "BOOMP PA DEEDLE DODDLE" (2:48)

LAWRENCE WELK
(Coral 60444)

● An oldie which is getting quite a revival gets another push here from Lawrence Welk and his band. Roberta Linn and Dick Dale team up for a duet and add some spirit to the side. The second half is a dance with Roberta Linn and a chorus coming through on the lyrics. This'll hold its own in the boxes.

"I'M LATE" (2:01) "THE WALRUS AND THE CARPENTER" (2:57)

DANNY KAYE
(Decca 27564; 9-27564)

● Two tunes from "Alice In Wonderland" make up the Danny Kaye offering on this platter and both sides are equally wonderful. Danny delivers each number in his usual terrific manner but these have just an extra special something. No op should miss this one for it's gonna be pulling a lot of coins into the machines.

"THE MIRACLE" (2:35) "JEZEBEL" (2:52)

ALLEN GREENE
(Mercury 5622)

● Allen Greene displays a good voice as he gives out with two exciting ballads on this platter. Both ends get an orchestration from Tony Vail and his boys as Allen makes the tunes sound very dramatic. Ops who are looking for good filler items oughta take a look at these.

"SENTIMENTAL FOOL" (2:54) "TEN MORE MILES TO GO" (2:57) REX ALLEN (Mercury 5619)

● Two western sounding tunes are turned out here by Rex Allen. The top deck is a ballad well delivered by Rex with a good guitar backing. The lower half is a jumpy thing with very cute lyrics. Harry Geller's orchestra provides the music on this side. Ops will want to have a listen.

"THE CIRCUS DAY PARADE" (2:35) "THE DONKEY SONG" (2:20)

ZIGGY TALENT
(RCA Victor 20-4118; 47-4118)

● A timely novelty gets a happy rendition from Ziggy Talent and the orchestra on upper level. Just right for this circus season, this tune may have some appeal. The second side is another novelty, done with speed by Ziggy. These sides should go well with his fans.

"ELEANOR" (3:10) "THE BUSIEST CORNER IN MY HOME TOWN" (2:35)

FRANKIE CARLE ORCH.
(RCA Victor 20-4117; 47-4117)

● Frankie Carle has a couple of sides which should garner a lot of play. The first one is a singable little tune on which the Satisfiers display some good harmony as Frankie comes in on the piano. The bottom end is a sentimental piece again with the Satisfiers on the vocal. Ops will do ok with this one.

BEST BETS

In the opinion of The Cash Box music staff, records listed below, in addition to the "Disk" and "Sleeper" Of The Week, are those most likely to achieve popularity.

- ★ "HERE COMES THE SPRINGTIME AND THERE GOES MY HEART" Fran Warren, RCA Victor 20-4115; 47-4115
- ★ "I'M LATE" Danny Kaye Decca 27564; 9-27564
- ★ "COME BACK MY DARLING" Kay Starr Capitol 1492; F-1492
- ★ "THE STRANGE LITTLE GIRL" Eddy Howard Mercury 5630; 5630 x 45
- ★ "I HAVE NO HEART" Ray Barber Mercury 5624; 5624x45

ROUND THE WAX CIRCLE

NEW YORK:

Frankie Laine's first disk for Columbia, "Jezebel" backed with "Rose, Rose I Love You" has caused all the excitement that Columbia hoped it would. 180,000 have been sold in the few days since it's been released, and in Cleveland, the demand has been so great that Ted King, the distributor is having

KING COLE

them flown in to get them in the boxes immediately. . . . In ten days Columbia intends to issue Frankie's next disk, a duet with Jo Stafford. . . . Eddie Fisher was transferred to Fort Hood, Texas, this week for basic training. He'll be hearing plenty of himself on the neighboring juke boxes with "Bring Back The Thrill" still going strong and "Unless" on its way up. . . . Mike Conner, Decca promotion chief, back from California, reports the hiring of a new record promotion man, Arnie Haber, for the entire west coast territory. Haber comes from the television and radio fields. . . . Herb and Miriam Abramson of Atlantic Records back from Florida vacation. . . . A two hour show has recently been sold to Zenith Radio and Television over WVNJ, Newark and the features will be "The Cash Box" top tunes on juke boxes every Sunday night 9-11 P.M. . . . King Cole opens at the Apollo next week

for his annual appearance at the famed spot. . . . Chicago jocks are preparing to give Ella Fitzgerald a salute when she celebrates her birthday in the Windy City on April 25. . . . Anita Boyer, who worked with such top name bands as Tommy Dorsey, Artie Shaw and Harry James, returns from a few years' vacation to open the new Trocadero Club in New York. . . . George Joy of Santly-Joy has ruined two lamps in his office as a result of his deadly marksmanship with his target pistol. Shooting at that Sparrow In The Tree Top, George? . . . WNEW honored Pat Terry as their Champion of Champions on the station's "Boy Meets Girl" program. . . . Cy House, eastern sales manager for the past two years of Modern Records, resigned this week. A specialist in the rhythm n' blues field, he was with Exclusive Records for several years prior to Modern. . . . It's rumored that Victor has signed Merv Griffen as a single.

CHICAGO:

More action apparent around town. . . . Rumor has it one of Chi's wealthy women planning to enter in the music biz. Has written a song. Wants to publish and exploit it. . . . Jack Zero in town with a song titled, "Love Flew Out Of The Window When Money Came In Thru The Door," which he reports Rome Johnson waxed for Abbey Records. . . . Phil and Leonard Chess report that their "Rocket 88" disk is moving faster than even they believed it would. . . . Vaughn Monroe's disking of Teddy Powell's tune, "Oh Marry Marry Me," reported to be taking strong hold. . . . Natt Hale joins The Sampson Co., Columbia distribut here. He'll be disk promotion manager for the firm. Natt's a veteran of 18 years in the disk promotion field and is expected to get some of those great Columbia Records rolling big here. . . . Mindy Carson opened at the Oriental Theatre and, as always, got a terrific hand from her many, many fans. . . . Jimmy Martin all excited about The Tutones' waxing of "Don't Fence Me In." Jimmy reports that his firm sold 3,000 in the first two days. And says, "It's only one guitar." . . . Dorothy Shay opened at the Empire Room of the Palmer House this past Thursday and simply entranced the first niters. . . . Tiny Hill and his ork at the Grove Ballroom this past Friday eve. . . . Bill Snyder opened at the Marine Room of the Edgewater, following Woody Herman, and was given a terrific ovation. . . . John McCormick is going along very, very swellishly at the Vine Gardens, he tells us. Also reports that more and more celebrities making this "the spot." . . . Danny Casella playing a one niter at the Town Club shows an oil well clipping. But, Danny reports, he pulled out his dough just a few days before the well came in. . . . Rumor is that Eddy Howard and some of the boys now digging for the black gold, too. . . . Clark Dennis in town talking things over with Fran Allison. Report is that Clark is stepping into the spot vacated by Dick Contino at Capitol.

VAUGHN MONROE

LOS ANGELES:

"How High The Moon," as brought back by Les Paul and Mary Ford, is really flying high, according to Hal Cook, Capitol's adman, who told us over a sandwich that the record is setting one for sales at present. . . . Les and Mary are now in New York and very much in demand for top TV spots. . . . We learned that Hal has been with Capitol three years and was St. Louis branch manager before coming to Hollywood. . . . And we also learned that the Cooks are Valley-dwellers and just a stone's throw from our own Gotno Rancho. . . . It was more Capitol when we dropped in at Paul Laymon's, Wurlitzer distributor, just as Paul Featherstone and Joe Matthews of Capitol's distrib dept. checked out. . . . The boys had come by to give the Laymon crew an earview of several new discs, including Jerry Lewis' "Never Been Kissed" and "A Hunting We Will Go," a pair sure to bring in a flock of nickels and turn out a flock of laughs. . . . Lucille (Mrs. Paul) Laymon told us that Paul (Featherstone, that is) was sporting a new MGM car and it had us a little worried till we figured out it was just MG. . . . That added M sounded nothing short of treason. Frank Terry of Leo Meyberg's RCA-Victor distrib sales staff guzzed us with news of a new release by Bixie Crawford, the two sides being "Tonight Of All Nights" and "Please Let Me Be." . . . It's a first on RCA for the former Benney Carter. Jimmy Lunceford and Louis Jordan vocalist and Frank sees big things ahead for her on the label. . . . Bixie had retired for a few years, until Terry happened to hear her at a benefit recently and convinced the singer and RCA-Victor execs that she belonged on record. . . . The talented young woman, who holds a college degree in sociology, wrote the "Please Let Me Be" side of her initial solo platter.

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"I'LL BE THERE WITH BELLS ON"
(2:26)

"THE CONTINENTAL" (2:19)

ART VAN DAMME QUINTET
(Capitol 1494; F-1494)

● The Art Van Damme Quintet continues making good music on this disk. The top deck is a lively tune on which Keith and Sylvia Textor do the duet while the second side is a wonderful oldie on which the small instrumental group go to town with a beat. This'll get some coin into the boxes.

"MY LOVE SERENADE" (2:33)

"TELL ME THAT YOU LOVE ME"
(2:26)

NORO MORALES ORCH.
(Decca 27548; 9-27548)

● A good tune gets a terrific rendition from Noro Morales orchestra with a first rate vocal by Pat Terry. The orchestra provides some excellent backing as Pat gives out with the lyrics in fine fashion. On the lower end the Morales crew again makes with the music and Pat goes to town with the words. Ops shouldn't miss this one.

"I HAVE NO HEART" (3:07)

"LOVE ME" (3:10)

RAY BARBER
(Mercury 5624)

● A promising new singer, Ray Barber, comes up with two lovely new ballads here and he certainly shows what he can do. With Russ Case's orchestra backing him up at either end, Ray makes both of these sides exceedingly good listening matter. Ops have to take a listen to this boy.

"THE STRANGE LITTLE GIRL"
(2:46)

"WHAT WILL I TELL MY HEART?"
(2:58)

EDDY HOWARD
(Mercury 5630)

● A tune that's hitting it up big in western circles, gets a pop rendition from Eddy Howard and the band. Eddy and the Trio tell this interesting story in their usual fine manner and it should attract a lot of play. The second side is a winning ballad which Eddy does with feeling. The top deck gets our nod.

"SOMETHING WONDERFUL" (3:07)

"HELLO YOUNG LOVERS" (3:07)

MARGARET WHITING
(Capitol 1491; F-1491)

● Two tunes from "The King And I" make up the Margaret Whiting offering on this disk. Both numbers get a grand vocal from Maggie as Lou Busch and his orchestra provide some excellent backing. Either one of these tunes could easily step out and ops are advised to make careful note of this platter.

SLEEPER OF THE WEEK

"UNLESS" (2:44)

"I HAVE NO HEART" (3:18)

EDDIE FISHER
(RCA Victor 20-4120; 47-4120)

EDDIE FISHER

● Following his success with "Bring Back The Thrill," Eddie Fisher does it again with a ballad called "Unless" which should be a

tremendous thing in the months to come. This beautiful ballad, a revival, gets Eddie's usual terrific rendition complete with chorus and orchestration by Hugo Winterhalter. It's an overwhelmingly dramatic piece and may be Eddie's greatest one to date. The singer gives out with the lyrics in his straightforward manner and the melody is one which you find yourself humming long after the record is finished. The lower end is another dramatic item which Eddie does in high style. The top deck looks like a real winner and ops oughta get with it without delay.

"ZING, ZING—ZOOM, ZOOM"
(2:42)

"DICK'S POLKA" (2:45)

LAWRENCE DUCHOW
(RCA Victor 25-1187)

● A couple of listenable sides are turned out by Lawrence Duchow. The first one is a flowing instrumental of a pop tune while the second one is a polka which the Duchow outfit does so well with Dick Metko on the accordion. Ops will want to take a listen to this.

"BECAUSE OF YOU" (2:54)

"UNLESS" (2:26)

LES BAXTER
(Capitol 1493; F-1493)

● A couple of lovely ballads get a Les Baxter treatment here. The top deck is sung by a chorus while the lower half gets a very dramatic vocal from Dick Beavers. The arrangement and orchestration on both ends show the masterful work of Les Baxter and ops are bound to do ok with it.

"COME BACK MY DARLING"
(2:32)

"THEN YOU'VE NEVER BEEN BLUE" (3:02)

KAY STARR
(Capitol 1492; F-1492)

● Kay Starr has a new disk which could easily break out and run away. The upper half is a jumpy thing on which Kay delivers a terrific vocal and gets some wonderful backing from Dave Barbour and the orchestra. The lower end is a beautiful ballad which she delivers in a dramatic rendition. Ops mustn't miss this disk.

"WHEN YOU AND I WERE YOUNG MAGGIE BLUES" (2:47)

"DIDJA EVER" (2:43)

D. REYNOLDS & C. CARPENTER
(MGM 30359; K30359)

● That "Aba Daba Honeymoon" pair are back again with two more numbers in their appealing style. They run through the much recorded top deck tune in the same fashion as their first success and on the lower half they have a little novelty which comes over ok. Ops will want to have this couple in their machines again.

"SOMEBODY" (2:43)

"VERY GOOD ADVICE" (2:36)

DINNING SISTERS
(Capitol 1511; F-1511)

● The Dinning Sisters continue making with the harmony on a couple of interesting sides. The top deck is a slow ballad with a tinkly strain running through it while the bottom half is another slow item from "Alice In Wonderland". Ops oughta take a peek at this.

"I'LL BUY YOU A STAR" (2:55)

"I'M LATE" (1:45)

ALAN DALE
(Columbia 39302)

● Alan Dale has a disk which features two different types of tunes. The first half is a ballad on which Alan does an attractive job with Percy Faith and the orchestra backing him up. The lower end is a very cute item from "Alice In Wonderland" done by Alan in falsetto. Ops oughta listen in.

"OH YOU SWEET ONE" (2:45)

"HOW DO YOU DO?" (2:54)

LAWRENCE DUCHOW
(RCA Victor 25-1193)

● Lawrence Duchow and his crew take a very familiar tune and give it a working over. Danny Ryan and Elaine Carvel do a duet on the number and make it sound quite listenable. The lower half is an instrumental of a happy sounding item done in Duchow's well known style. This is right for the proper spots.

"MY MAMA SAYS 'NO NO'" (2:48)

"CHEN A LUNA" (2:57)

ROSE MARIE
(Mercury 5631)

● Rose Marie offers some good vocalizing on two novelties here. The top deck features a cute set of lyrics and is done in fast tempo by Rose Marie and Dick Maltby's orchestra. The lower end is an old Italian song which gets one chorus in Italian and one in English. This should go well in the right spots.

"SENTIMENTAL HEART" (3:01)

"SOMEBODY ELSE IS TAKING MY PLACE" (2:33)

DORIS DREW
(Mercury 5626)

● Doris Drew, who has a real sultry voice, gets going here with two numbers which show her off to good advantage. The upper half is a crying ballad on which Doris gets an assist from Lew Douglas and his orchestra. The bottom half is an oldie with a slow interpretation by Doris. Ops oughta look into this one.

"I'M THROUGH WITH LOVE"
(2:48)

"MAKIN' WHOOPEE" (2:54)

DINAH SHORE
(RCA Victor 20-4045; 47-4045)

● Two grand old standards are turned out on this platter by Dinah Shore as part of the Singers Series. The first side is a beautiful ballad which Dinah does with feeling while the lower side is the old Eddie Cantor special. Henri Rene provides the orchestration on both ends and the disk is definitely worth listening to.

"I'LL NEVER KNOW WHY" (2:48)

"I NEVER KNEW" (2:54)

BILLY DANIELS
(Mercury 5614)

● Billy Daniels puts his own type of interpretation to two numbers here. First he goes through a new ballad in slow style with Lew Douglas' orchestra in the background. The second side is a driving tune on which Billy really gets a chance to show off. His fans will go for this disk.

Survey Shows Top 25 Disks of All Time

NEW YORK—In a recent survey of the music trades to determine the top records of all time, *Cosmopolitan Magazine* came up with 25 which, according to its information, proved the most popular.

Bing Crosby led the rest with 3 of his records represented, while Perry Como, Artie Shaw and Guy Lombardo had 2 each.

Almost completely absent from the top records were the flashy novelties which skyrocket to the head of the list and then quickly descend. The disks which have proven the most popular, according to *Cosmopolitan*, are the ones people genuinely like to listen to, not the bizarre, zany platters.

Shapiro, Bernstein Closes Chicago Offices

CHICAGO—Shapiro, Bernstein & Co., one of the nation's leading music publishers, this week closed its Chicago offices.

A spokesman for the firm explained that since no song can become a hit these days with recordings, the firm found it wiser to devote its attention to those centers where disk firms are concentrated.

Irwin Berke, who headed the Chicago office, has not yet announced his future plans, but those who have dealt with him feel certain that his know-how of the music business will soon land him a top spot.

Jazz 'n Blues Reviews

★AWARD O' THE WEEK★

"SLIPPIN' AND SLIDIN' " (3:19)

"BABY YOU'RE TOPS WITH ME" (2:25)

CALVIN BOZE

(Aladdin 3086)

● A side with a lot of potential is offered on the top deck by Calvin Boze. This is an infectious ditty which could easily catch on and run away. It's called "Slippin' and Slidin'" and customers will be doing just that, slippin' and slidin' those coins into the machines to get a listen to it. Calvin starts with a talky vocal and then really gets

going with a good set of lyrics as his all stars join in to make with the music. The second side is a fast driving number with Calvin again doing some fancy work with the lyrics and the boys backing him up with gusto. The top deck here looks very hot and ops will do well to get it into the boxes at the earliest possible moment.

"TOO LATE" (2:35)

"WITH A BROKEN HEART" (2:59)

THE FIVE KEYS

(Aladdin 3085)

● A vocal group with a lot to offer shows up here doing two slow items. Each end shows the group off in the style of a vocal solo with the rest of the boys in the background and they reach terrific heights at times. Ops will want to listen to this group.

"AM I TO BLAME?" (2:40)

"JUST KISS ME ONCE" (2:40)

MEREDITH HOWARD

(Mercury 8233)

● Meredith Howard has two ballads which she sends off on this disk. On either end, she displays a fine delivery that makes a song sound very important. She gets some interesting backing on these sides which helps out also and makes this platter a good bet for ops.

"YOU CAPTURED MY HEART" (2:54)

"LEMON SQUEEZING DADDY" (2:48)

THE SULTANS

(Jubilee 5054)

● A new vocal group shows what it can do with two different types of numbers. The top deck is a slow thing on which the boys go to town with some good small instrumental backing while the second side is a jumpy piece with a beat on which some fine harmony is shown off. Ops shouldn't miss this group.

"I'M A WILD WEST WOMAN" (2:48)

"EVENING TRAIN" (2:43)

EUNICE DAVIS

(Derby 760)

● Eunice Davis follows her successful "Rock Little Daddy" with another side that's gonna have the boxes rocking. This one is a low down number with a terrific beat and a good set of lyrics. The second side is a very slow deliberate thing which Eunice sends flying. This one is due for a lot of coin.

"AM I BLUE" (2:35)

"MY REVERIE" (3:03)

BUDDY JOHNSON ORCH.

(Decca 27567; 9-27567)

● Buddy Johnson and his orchestra take two oldies and send them to town. The first side finds Ella Johnson doing the vocal with a very pronounced, slow delivery while, on the second side, Arthur Prysock comes through with one of his excellent dreamy pieces. Ops are gonna do fine with this.

"IF YOU WANT SOME LOVIN' " (2:50)

"YOUR BEST FRIEND" (2:45)

GRIFFIN BROS. & MARGIE DAY

(Dot 1042)

● The Griffin Brothers and Margie Day keep right at it turning out another two good sides. First Margie gives out with a loud version of a tune with a lot of potential while the boys back her up. The bottom half is a blues item on which she shows terrific ability also. This is a natural for the boxes.

"PLEASE LET ME BE" (2:47)

"TONIGHT OF ALL NIGHTS" (3:11)

BIXIE CRAWFORD

(RCA Victor 22-0119)

● Bixie Crawford comes out of retirement to offer a tune on the top deck that she wrote herself. It's a driving number which she performs to perfection as Ernest A. Freeman and his orchestra make with some good music. The lower end is a slow ballad which Bixie also does with skill. Ops will want to hear her again.

"AS TIME GOES BY" (2:54)

"JUST CALL MY NAME" (2:45)

LEE RICHARDSON

(DeLuxe 3315)

● The terrific voice of Lee Richardson goes to work on an oldie here and certainly makes it sound magnificent. Lee has a dramatic way with a song that keeps you listening for more no matter what he does. The bottom half shows some more of the same and both sides are worth an ops while.

Leyden New Victor Recording Director

NEW YORK—Norman Leyden, arranger and conductor, who first achieved recognition arranging for Glenn Miller's orchestra overseas, has been signed as an RCA Victor Recording Director, it has been announced by Paul A. Barkmeier, Vice President and General Manager of the RCA Victor Record Department. Leyden will work under the supervision of Charles Grean, Director of Popular Artists and Repertoire, and in close cooperation with Hugo Winterhalter, RCA Victor Pop Musical Director, and Henri Rene, West Coast Artists and Repertoire representative.

Leyden has arranged for many top singers in the record field, and his arrangements have also been instrumental in creating several top-selling Pop records of the past year. He started his professional career in his student days as a member of the Yale Collegians, later playing with local New Haven bands. Following his induction into the Air Force during World War II, he became conductor of the band at the Air Force Atlantic City Training Center.

He later became musical conductor for the Air Force show, "Winged Victory," and upon assignment overseas became arranger for Glenn Miller. After the war Leyden was for three years arranger for Tex Beneke and his Orchestra. He has composed, conducted, and also arranged the scores for numerous famous children's albums, including the best-selling "Cinderella." In addition, he has worked on several TV programs and was musical director for the Peter Lind Hayes Show on WNBT.

Columbia Puts "Porgy And Bess" On Wax

NEW YORK—"Porgy and Bess", George Gershwin's American folk opera, is being recorded in its entirety with an all-Negro cast, including members of the original 1935 cast, it was announced by Goddard Lieberson, Executive Vice President of the company.

For the recording Columbia has assembled a cast of outstanding singers from opera, concert and Broadway stage. Starring as Porgy and Bess are baritone Lawrence Winters and soprano Camilla Williams, both noted for their concert and New York City Center Opera appearances. Heard in the roles they sang in the original production will be Warren Coleman as Crown, Edward Matthews as Jake, Rosamond Johnson as Frazier, and Ray Yeats as the Crab Man.

Avon Long, currently appearing in "The Green Pastures," who played Sporting Life in the 1942 revival of "Porgy and Bess," will do the same part. Singing the role of Serena will be Inez Matthews of "Carmen Jones" and "Lost In The Stars" fame. Also participating is Helen Dowdy, currently appearing in "Kiss Me, Kate," as Maria.

Mercury Cuts Disk For Tavern Trade

CHICAGO—At a special preview, Tuesday evening, April 17, Art Talmadge of Mercury Records introduced a unique novelty disk which is the first platter cut exclusively for taverns.

Recorded by Al Trace and his orchestra, the tune is designed to keep customers in the tavern by the very implication of its title "Why Go Home."

Mercury is planning a special deal for juke box operators on this disk, Talmadge reported, and he believes that the deal which is ready for ops will prove of outstanding value.

In the meantime, the disk has been cleared for air play and Mercury is awaiting the juke box and disk jockey reaction to "Why Go Home."

"MR. AND MISSISSIPPI" (3:06)

"SHE'S MY BABY" (2:41)

TENNESSEE ERNIE
(Capitol 1521; F-1521)

TENNESSEE ERNIE

● Tennessee Ernie has another big one in "Mr. And Mississippi". A tune with some very good lyrics,

this number should have a big play in the coming weeks. Ernie gives it everything he has which, as ops know, is plenty and makes this one an assured coin getter. The song has a number of switches in it, changing pace every once in a while, and Ernie perform both the slow and fast parts with skill. Some nice guitar work goes along and the total affect is an appealing one. The second side too is an interesting item telling a good story. Ernie lets go with his usual fine vocalizing and once more has a side which could make it. Ops who want a likely follow up to "Shotgun Boogie" have it in the top deck.

**"WE CAN'T BE DARLINGS
ANYMORE" (2:44)**

"I'M HEAD OVER HEELS IN LOVE" (2:37)

LESTER, FLATT, EARL SCRUGGS
(Columbia 20805)

● Lester Flatt, Earl Scruggs and their Foggy Mountain boys get together for some good sides here. Both ends feature plenty of interesting instrumentals as Lester and Earl go to town on the vocalizing. This pair always makes good hillbilly music and ops won't want to miss them.

"JUMP ROSE BOOGIE" (2:35)

"THE HOKEY POKEY" (3:07)

CLIFFIE STONE
(Capitol 1496; F-1496)

● A very jumpy thing is offered on the top half by Cliffie Stone and his Hometown Jamboree Gang. They really sound as though they're having a jamboree, the way they run through the cute lyrics. The second side explains a dance in a somewhat slower tempo. Ops will do ok with this.

**"MY SWEETHEART, MY DARLING,
MY OWN" (2:32)**

"I'M THE OLD FRIEND" (2:30)

EDDIE DEAN
(Capitol 1497; F-1497)

● Two very slow numbers are turned out on this platter by Eddie Dean. Eddie puts his good voice to work on these two ballads both of which are done in slow dreamy fashion. Ops who are looking for good filler material, oughta take a listen to this one.

"WHAT'VE YOU GOT" (2:08)

"YOU'RE GETTING A GOOD GIRL" (2:50)

SUE THOMPSON
(Mercury 6325)

● Sue Thompson who has a very appealing baby voice runs through a couple of tunes here which are just right for her type of delivery. Both have a good set of lyrics and on both she gets a grand assist from Dude Martin's Roundup Gang. Ops won't want to pass this little girl up.

"BEAUTIFUL BROWN EYES" (2:53)

"TELLIN' MY BABY BYE BYE" (2:54)

JESSE CRAWFORD
(RCA Victor 21-0454; 48-0454)

● A tune that's currently big in the pop field gets a going over from Jesse Crawford and his 49ers. Jesse sings it in a very pleasant voice as the boys come in for some good backing. The bottom half too is a listenable item done with a good steady beat. Ops will want to listen in.

"I'M GONNA SING SING SING" (2:20)

"GOLD STAR MOTHER" (2:40)

CHARLIE MONROE
(RCA Victor 21-0456; 48-0456)

● Charlie Monroe and his Kentucky partners have a couple of hillbilly sounding items to offer here. The top deck is a religious song which Charlie sings with the group joining in. The lower half is a crying vocal of a sad story which Charlie and the boys do with skill. Ops with the right spots will want this.

"SICK, SOBER AND SORRY" (2:50)

"MISSISSIPPI RIVER BLUES" (3:11)

TOMMY DUNCAN
(Intrō 6013)

● Some very good lyrics are the feature of the top deck. Tommy Duncan sings this steady paced number as if he means it and his western all stars provide the music. The second side is a slow thing with a deliberate beat into which Tommy gets a touch of a yodel. Ops oughta hear this.

"PLANEY JANE" (2:43)

"BALDKNOB ARKANSAS" (2:29)

ROY ACUFF
(Columbia 20804)

● Roy Acuff races through the tune on the upper half in the manner he's so well noted for. With his Smoky Mountain boys providing some fast instrumentals, Roy takes good care of the vocal. The second half is a going home song which also is good to listen to. Ops should tune in.

Patti Page Day At Redd's

ALLSTON, MASS.—The Redd Distributing Co. put out the welcome sign for Patti Page last week and dedicated a day to her. Patti went through all the departments of Redd and of course made her headquarters in the record section where her best selling disks were being featured. Her "Tennessee Waltz" is still on all the best seller lists as well as "Would I Love You." Now Patti has a new contender in "Down The Trail Of Aching Hearts." Left to right are Si Redd, owner of the firm, Patti, and Ray Shea, Worcester, Mass., operator.

Victor Celebrates Vaughn Monroe Week

NEW YORK—RCA Victor celebrated last week as "Vaughn Monroe Week." Paying tribute to the singer-bandleader on his tenth anniversary as a Victor star, the firm issued four new sides at one time. They were "Sound Off," "Oh Marry Marry Me," "Shall We Dance" and "On Top Of Old Smoky."

Vaughn's first Victor disk was "If You See Margie" on the old Bluebird label. His biggest selling disk was "Ballerina." In the Cosmopolitan survey of the top 25 records of all time, he was represented with "There I've Said It Again." Besides "Ballerina" his other "million" record was "Riders In The Sky."

Altogether, during the past ten years he has sold over 25 million records and his western disks alone have gone well over the 2 million mark.

Coming up on Vaughn's schedule, beside his TV show, is a Hollywood extravaganza called "Stars And Stripes Forever" and a group of one nighters beginning in May.

MGM Gets Dubonnett Masters

NEW YORK—MGM Records has taken over the Dubonnett Record masters, "Let's Make Up For Lost Time Baby" and "Goodnight Strange Little Girl" by the Bill Bickle Trio. These disks were cut in Pittsburgh by the Dubonnett label which also turned out the Baron Elliot master of "Shenandoah Waltz," later taken over by Decca.

Ops Welcome Permo's MOA Graphic Souvenir

BERT DAVIDSON

CHICAGO—Bert Davidson, special representative for Permo-Point, recently returned from a trip during which he visited operators and Permo distributors in Detroit, Cleveland and New York.

Davidson found an enthusiastic welcome from everyone for the second annual MOA graphic souvenir which Permo mailed to operators all over the country immediately following the MOA convention.

The folder, which is in the form of a 17 x 22 sheet, includes more than forty photos of operators, distributors and recording artists—all visitors in Permo's convention headquarters.

It was announced by Permo that prints of the photos used in the souvenir are available to those who appeared in them.

CUTS COPPER, STEEL, ALUMINUM, JULY 1

Non-Essential Industries Will Have to Scramble for Whatever Copper, Steel, Aluminum Left Over After Essentials are Satisfied. When NPA Controlled Materials Plan Goes Into Effect July 1. Non-Essentials Hope NPA Will Grant Them 75% Quota of Base (Jan.-June '50) Period. Autos, Radios, TV Sets, Refrigerators Also Listed Among Non-Essentials.

COIN MACHINE MFRS. SEE LITTLE HOPE FOR ANY QUANTITY PRODUCTION FOR THIRD QUARTER. URGE TRADE PREPARE FOR LONG DEARTH OF NEW EQUIP'T.

WASHINGTON, D. C.—The National Production Authority's long heralded Controlled Materials Plan will go into effect on July 1. It will completely control the three basic metals: copper, steel and aluminum.

Industries will be placed in "A" and "B" classifications as during World War II.

The end result of this plan is simply that non-essential industries will have to scramble for whatever of these three basic metals are left in the pool, after the essential industries have obtained their share from the priorities which the CMP will give them.

There is no doubt, and it has already been so noted, that the coin machine manufacturers will not have to file applications with NPA for the CMP as of May 1.

Essential industries will have to file by May 1 to get their priority share of materials direct from NPA.

Sub-contractors, who will be making parts for the larger, prime contractors, will get their metals under the prime contractor's priority.

As The Cash Box reported in both the April 14 and April 21 issues, there is sure to result a dearth of new equipment, beginning with the third quarter (July 1) and lasting thruout 1952. Of course, even whatever small quantity production will be in effect after July 1, can be entirely halted, should World War III come into being.

This is also explained by Manly Fleischmann of NPA who, in a statement issued last week, said that even this present CMP and other plans which NPA have issued, are only in effect as long as there is no shooting war.

If war does come, there is no doubt, as in World War II, everything but the absolute essential will be eliminated from obtaining the three basic metals: copper, steel and aluminum.

In the meantime, those ops who have been selling off used machines, and not covering this hole in their inventory or operation with a new machine, will find themselves caught short.

Not only has this been reported in the last two weeks' issues of The Cash Box, but, this publication also urged the trade to realize that the present business slideoff wasn't really a slide-off at all. It was the lull before the larger industrialists turned blue prints into actual production of war materials.

As these larger industrialists get into the swing of speedy war materials production, not only will their labor forces continue to tremendously increase, but, they will use so much copper, steel and aluminum that very little, if anything at all, will be left in the pool for all the nation's non-essential industries.

That means, just as many far-thinking members of the industry have foreseen, that the time will come, after July 1, now that the CMP is going into operation, when there will be so little production of new equipment that, whatever is available, will have little, if any effect, on the market.

With the larger industrialists ballooning the labor force to many, many millions of male and female workers, and with the military services adding to their needs for more and more men and women, and all this provided no shooting war comes into being, the operators will find themselves in need of equipment.

Those who aren't protecting themselves by replacing with a new machine whatever used piece they sell, will find themselves in a spot where they will be paying more, later on, for used equipment than what they would have paid for new machines today.

In fact, the average manufacturer in this, and in all the other non-essential industries, hopes that NPA will allow them a quota of 75 per cent of the base period use (January to June, 1950) so that they can have some chance in the scramble for whatever copper, steel and aluminum will be left in the pool after the essentials get thru grabbing what they need.

STEEL PRODUCTION HIGH BUT SUPPLIES FOR NON-ESSENTIAL USE TO BE PRACTICALLY NIL

PITTSBURGH, PA. — The New York Times, in a special survey among steel producers in this city, stated this week: "Any steel customer who had ideas last week that supplies would be easier in the coming months, was not only doomed to disappointment, he was due for a shock. Some reports had indicated that there might be an easing of steel demand, but a careful check late this week revealed just the reverse to be true."

The opinion that steel supplies for less essential uses will be tight for some time was further supported by information indicating that some steel companies were already closely approaching the point where 45 per cent of their total steel shipments were

slated for direct defense and defense-supporting agencies.

As the Controlled Materials Plan goes into effect on July 1, it is expected that strictly military orders will be on a quarterly allocation basis, with actual requirements matched against actual available supplies. It was believed here that straight military orders would be ordered in much greater quantities within the next thirty to sixty days.

The survey found that there was already evidence that the plight of the non-essential manufacturer was growing worse. While some manufacturers of less essential civilian goods were still operating at a good rate, many others were less fortunate, and were frantically searching for supplies.

Chattanooga Op Gets Reports 10¢ Pinball Play Music & Pin Front Money Has Doubled Receipts

CHATTANOOGA, TENN. — Music and pinball ops here are in the throes of arranging for a new union charter with AFL for their employees. They have had their present charter revoked and have had to work under the Knoxville local's charter. But, from all present indications, this will soon be changed, and ops will have their own charter again.

In the meantime past arrangements for front money guarantees to handle the taxation on both phonos and pinball games here continues.

Pinball ops are obtaining about \$6 per week front service money guarantees from locations. The total license fees on pinball games here is about \$71.50 per year.

Many phono ops have also arranged to clear licensing costs here with a \$1 per week front money arrangement. License fees total about \$31 per year on phonos.

Music ops made arrangements sometime ago to charge off expenses and license fees in advance before splitting the balance of collections on a fifty-fifty basis.

BERWYN, ILL.—Rudy Kit of Suburban Music Service, this city, reported this past week that his receipts have been more than doubled since changing over his pinball games to straight ten cent play.

Rudy is also changing over all of his music machines. He says: "I believe that 1 play 10c and 3 plays 25c is the answer to the operator's problems."

He also reports, "Since we have changed our pinballs to 10c play, we have more than doubled our receipts."

"Using this move as a yardstick", he continues, "we are hoping to accomplish the same with our music machines."

Kit does say that it is too early as yet to show any factual results on 10c music play due to the fact that the firm only has started to change its phonos to 10c play just a week ago.

They haven't enough of them changed over as yet to be able to give any definite report to the field.

Rudy promises, "I hope to have more factual information for you (on 1 play 10c and 3 plays 25c phonos) in the near future."

READ WHY WE CALL THE Rock-Ola

"ROCKET '51-50" America's Finest Phonograph

● The superiority of the Rock-Ola "Rocket '51-50" has been demonstrated so thoroughly on location that operators who have purchased it from us have (every single one of them) ordered and reordered as many as we could possibly get them. This is the very first time in all our history in this industry that we have ever sold an automatic phonograph that has repeated 100% on orders each and every day for each and every operator who has already, and is, purchasing the Rock-Ola "Rocket '51-50".

● The outstanding 50 selections plus the fact that any type coin play can be featured on the Rock-Ola "Rocket '51-50" has won tremendous praise for this great phonograph. The operator can, right on location, change over to 1 Play 10c, 3 Plays 25c; 2 Plays 10c, 5 or 6 Plays 25c; or any other coin play combination he desires. This is done without experts. Speedily, easily, simply. He can have 45 RPM or 78 RPM. He can do a thousand things with the great Rock-Ola "Rocket '51-50" that he was never able to do before with his music. The wall and bar box arrangement is absolutely unique. It just can't be beat.

● Because of the above, and because of the marvelous deal we can make the music operators, we believe we have every right to call the great Rock-Ola "Rocket '51-50"—"America's Finest Phonograph"—because that's just exactly what it is. There's never been anything like it. In the space we have here we simply can't begin to tell you all about it—call at our offices today—look over the Rock-Ola "Rocket '51-50" yourself—and then decide for yourself why you, too, should operate—"America's Finest Phonograph"—Rock-Ola "Rocket '51-50".

Williams "Super World Series" Opens BB Season With Big Collections For Ops

SAM STERN

CHICAGO—Altho announcement of Williams' "Super World Series" new amusement game was made a week ago, and machines were displayed at distributors this week, with deliveries made to scattered numbers of operators, Sam Stern, executive vice presi-

dent and general manager of the manufacturing firm, reports that word is reaching him that a strong demand is already in evidence, assuring him that the game will get into the "hit" category.

"Distributors are phoning in continually" stated Stern, "insisting that shipments be rushed to them. They tell me that operators went for 'Super World Series' as soon as they saw the game on display. Those operators who placed it out on location returned in a few days to place substantial orders for additional machines.

"We're rushing this great baseball game out from our factory as rapidly as they come off the line" continued Stern.

Stern explained that the 5c-10c-25c single entry slug-proof coin mechanism, plus the fact that the game is geared for super fast play and at the same time giving the player the thrill of real baseball action, is what the distributors have been telling him is making it such a favorite with the operators.

The Williams factory, at the same time, is busily engaged in turning out its other well accepted products, the "Music Mite" 45 rpm selective phono with the single entry, slug proof, 5c-10c-25c coin mechanism; and current pinball "Control Tower."

In addition to its production of equipment for the coin machine trade, Williams is also devoting part of its factory to turning out defense items.

MOA Plans For '52 Meet; Asks For Trade Suggestions

GEORGE A. MILLER

OAKLAND, CALIF. — George A. Miller, president of MOA (Music Operators of America), now back at his office in this city, is looking ahead to the organization's 1952 meeting.

In a letter to the 1951 exhibitors, officers of MOA, and those music operators who attended, Miller thanks

all for making the meet the success it was. In addition he asks for suggestions which might make the next meeting more successful. "We would like to make every convention a more successful one, a more educational one, by improving operator attendance as well as exhibitor attendance" stated Miller. "If we have made mistakes, we would like to know it so we can correct them. If we have progressed satisfactorily, let us know. If we can add to the present program, let us know."

Miller enclosed a questionnaire which asks the following questions:

(1) Do you think that all MOA meetings and conventions should be held at the Palmer House, Chicago, Ill.?

(2) Are the meetings too long and are the hours satisfactory?

(3) Do the music operator meetings meet with your approval?

(4) Does the banquet and floor show compare with others that you have attended?

(5) Should speakers be limited to 15 or 20 minutes at the most?

(6) Do the exhibit hours meet with the approval of the exhibitors?

(7) Are the exhibitors satisfied with their attendance?

Space is provided for additional comments for those who wish to offer further criticism.

NAMA's Nov. 12 Convention To Stress Business Efficiency

CHICAGO, ILL. — In anticipation of shortages of manpower, materials and supplies, coupled with rising costs of doing business, the program for N.A.M.A.'s sixth annual convention to be held this year in Cleveland on November 12-15 will be geared to the needs of operators and will place less emphasis on selling and more on business efficiency. This decision was made at a meeting of the 1951 convention and exhibit executive committee held in Chicago on April 11, and presided over by Thomas B. Hungerford, National Vendors, Inc., St. Louis, convention chairman.

Operator members present at the session asked for shorter speeches and more time for round table discussions. They also stressed the need for down-to-earth presentations of accounting procedures and cost study interpretations.

A further point discussed by the convention committee was that since most operators merchandise more than one product, there should be more general sessions on the program.

Plans were also made for awarding prizes for attendance at both the convention and the exhibit.

A report from Bernard N. Osmond, director of convention and exhibit activities for N.A.M.A., indicated that even with the convention eight months distant, over one half the exhibit space in the Cleveland Auditorium has already been sold.

Present at the convention and exhibit executive committee meeting were the representatives of manufacturing, distributing and operating companies.

Vermont Bill To Ban Pinball Up For Vote

MONTPELIER, VT. — Vermont's Senate voted (April 16) to outlaw pinball machines in the state.

Action on the pinball machines came on a reconsideration of the bill to license them which had earlier been killed by the State Senate.

The new measure struck out all the former bill and substituted a provision outlawing pinballs of any type used for any purpose.

Penalties for violation would be a fine up to \$100 or six months imprisonment.

The bill, at this writing, still had to pass another vote in the State Senate before going back to the house for consideration there.

Chi Post Office Plans To Install 60 Drink Vendors

CHICAGO—The postoffice here in a test, sold over 800 drinks in two hours time from two SuperVend multiple drink dispensers, it was stated.

Since the results of this test, the plan is to install at least 60 of these vendors in the postoffice here.

Gordon Sutton of Sutton Sales Company, local distrib for SuperVend have this deal.

It is reported that the employees canteen in the postoffice here serves over 22,000 meals each day.

There are 14,000 employees on the daytime shift and about 16,000 on the nighttime work shift.

MIAMI MURMURS

We agree with the hotelmen here. There's no real season anymore. Tho the big mobs come down 'round Xmas and New Year's, plenty of people jamming the eateries every nite right this minute. And coinmen still coming down every week. . . . Walter and Shirley Simms of Panamusica, R.P. (Republic of Panama) report they just bought motorbikes and are learning how to get along speedily. Walter and Shirley were fascinated by the motorized bikes when they first saw them in Miami. . . . Willie (Little Napoleon) Blatt, just returned from an extended visit to the coincenter (Chicago) tells friends they'll see something really sensational in just about sixty days. . . . Bert Lane, who was in Chi with Willie, and who returned with him, promises the same. . . . Al Denver and Sid Levine of New York's music ops assn. got themselves a rather expensive gin lesson at the hands of Willie Blatt. Said Willie, when questioned, "I'm still the champ". . . . Mr. and Mrs. Ed Levin and their son seen about Miami and thoroly enjoying their stay. . . . DeWitt "Doc" Eaton on his way to Chi for just a day. Wouldn't reveal the nature of his trip. . . . Al Simon and his very charming missus shopping Lincoln Road bump into an old time Neo Yawker (from Brklyn) and now a native, Davey Friedman, and they gas and gas. . . . George Holzman of Supreme, Brooklyn, on his way down again. Seems as if George just left. He's now bringing his daughter and her fiancé along. Could it be that George has gotten "sand in his shoes"? (A favorite expression of the natives here when someone falls in love with Miami and intends to make this his home). . . . Miltie Green in town looking over his biz here. . . . Sam Wolberg of Chicago Coin relaxing on the Beach. . . . Business has somewhat slowed up as far as sales here are concerned, but, surprisingly, collections are holding up. Looks like this'll be a very fine year for Miami's ops. . . . Sol Gottlieb visiting with Joe Mangone, All Coin Amusements Co., distributor for D. Gottlieb & Co. in this area.

Is There An Answer To TV?

AN EDITORIAL

As the months go by, operators are willing to admit, that TV has cut deep into play.

Not only has TV cut into the intake of this industry, but, into every other industry which has anything to do with public gatherings.

All know that the movie houses have been hard hit. Night spots are even harder hit. Restaurants, taverns, luncheonettes and many, many other businesses, are suffering from lack of patronage, because of TV.

All this regardless of the fact that TV urges these places to advertise with it and gain patronage so doing.

It just doesn't seem to work out that way, owners of such places who have advertised on TV, have advised.

And TV, it must be remembered, is still in its infancy as an industry.

Perhaps, as some state, once the novelty wears off, the public will return to its former gathering places. Then again, perhaps the public won't return, to its former gathering spots.

Is the answer in combating TV?

Few think so. Most believe that the intelligent merchandiser will tie in with this extremely powerful and ever growing competitor.

How can movie houses tie in with TV?

A suggestion has been made by one member of *The Cash Box* staff that the average movie house open its doors and show its pictures "free of charge," or for just a "token payment" of about 25c.

He believes that the balconies of the better movie houses can be turned into bars and cocktail lounges. He also says that national advertisers would be happy to take advantage of the nation's theatres for display of their merchandise.

The theatres have proved they can really sell merchandise. Just as they today are selling candies, popcorn and dispensing soft drinks.

Perhaps, then, here is an answer as to how the movie houses can take advantage of a competitor like TV and turn themselves into "Merchandising Theatres," either showing their pics free or for a small token payment, to attract the public in large numbers, and cash in on this great traffic.

Now comes the coin machine industry. What can this industry do to take advantage, or tie in, with this ever growing powerful competitor, TV?

Unlike the movies, the average coinman cannot turn his machines into merchandising establishments. Even if he is in the vending machine division of the industry. Vendors are still "emergency sale" merchandisers.

One noted arcade machines manufacturer proposed the opening of stores, or tying in with established merchandising emporiums, and creating a new type business. This would allow the operator of his equipment to cash in on a popular trend of the times.

As yet, until someone comes along and shows the industry the way it can tie in with TV, the only method left open to the operators is for them to insure themselves, as best they can for the future, by arranging for an entirely different and better percentage commission or play basis.

In short, go back about twenty years, and give only 20% to 25% on any type equipment to the location owner. Or change over, where possible, to higher coinage play action.

Would it sound probable (and this is an old story that was written years ago) that the time has arrived when operators will be selling direct to location owners? And, in turn, receive a set weekly service fee to take care of the machines? Would this be the future?

In the meantime, rather than dream or conjecture as to what the future may hold for this industry, the best method to adopt at this time, is for operators to re-arrange their entire commission setups. They must be assured a more equitable percentage of the gross intake to survive the TV ultra-popularity period or until someone comes along with that entirely different, new product, to again reawaken the public.

THRU THE COIN CHUTE

EASTERN FLASHES

Opening day of the baseball season here was cold and nasty, keeping attendance at the ball parks down to a minimum. However, taverns featuring television got plenty of play. Equipment during the playing time of the ball game received very little, if any, action. But, ops tell us tavern owners report that before the game got under way, and immediately following the game, both music and shuffle games were going continuously. As these were daylight games, revenue from machines lost little during these hours, but added play before and after means better take. . . . Wholesalers report sales of used machines keep getting better every week. This week saw quite some lively action in used music, particularly. Several games jobbers sold quite a few amusement machines to Fernand Laubert, of Paris, France, who was covering the Eastern area. Laubert also bought several pieces of music.

Price Lists go back to "regular numerals" this issue. We are happy to follow the dictates of our readers, who so voted by quite a large majority. However, those who asked that the "coded" lists be retained were most earnest in their requests. We want to thank all who took part in this poll, and are quite thrilled by the many compliments paid us.

Dave Stern, Seacoast Distributors, Elizabeth, N. J., tells us he's selling all the Rock-Ola "Rocket '51-50" phonos he can get from the factory. "Ops like the machine every much" states Dave, "and all we need is more deliveries." On the social side, Dave is extremely proud of his young sixteen year old daughter Suzanne, who intends to make a life work of serious music. After a few years study at the Julliard School of Music and the Cape Cod School, she now intends to study further in Italy. Dave and Mrs. Stern plan on taking Suzanne to Europe this June. They will spend several weeks seeing the sights thruout the continent. . . . Harry Brown spends a few days in the city, prior to flying down to Dallas, Texas, where he "will bask in the sun with Sam Yaras." Harry tells us his son is preparing to enter the army any day now. . . . Mike Munves, who thought he was getting out from under the avalanche of orders for arcade equipment, and would be able to make deliveries in two weeks, now is back to "no promises, but I hope to be able to make deliveries within from four to five weeks." . . . Harry Green, the demon location getter, now working with Willie Aronson, the young progressive games operator.

Joe Young, Young Distributing, (Wurlitzer distributor) preparing to host a number of his friends who will be in the big city next week. Joe and Abe Lipsky, manager of the firm, working on some real hot deals this week, which they state should be consummated in a few days. . . . Hymie Koepfel, Koepfel Distributing Co., who spent a few days in Washington, D. C. last week, and thought he'd have half a holiday, returns more tired than ever. "How can anyone take a rest when Hirsh de LaVie is your host?" asks Hymie. Brother Harry states that the sale of used music this week was the best since a month ago. . . . Is Sid Mittleman contemplating opening a jobbing firm on coinrow? . . . Dave Lowy, Dave Lowy & Company, getting to be a hard man to catch in. He's hustling around with the lines of Keeney and Evans. . . . Al Simon, Albert Simon, Inc., distributors for Chicago Coin, very happy over local acceptance of ChiCoin's "Hit Parade" 45 rpm phono. Al shows prospects how they can operate with good profit, and he's very convincing. . . . Barney (Shugy) Suger-man, Runyon Sales Company, has been working so hard these past weeks, he figures a vacation is in order. He, therefore, leaves on Friday, with his wife and children, for a week's relaxation at Virginia Beach. They're still talking about that beautiful AMI die-cut circular. Shugy tells us operators are grabbing them by the handful and using them as location getters. . . . Williams' "Super World Series" on display at Nat Cohn's, and operators buying all they can lay their hands on, Cohn tells us. . . . Si Redd, Redd Distributing Co., Boston, Mass., away on a vacation with his Missus, and expects to be back on April 23.

DALLAS DOINGS

Mack Womack, Dallas operator for the past fifteen years, was killed instantly in an automobile accident near Carrollton, Texas. Our deepest sympathy to Mrs. Womack and family. . . . Tommy Chatten returned to Dallas and this beautiful summer weather, complaining bitterly about the snow storm in the panhandle. Tommy swears he's taking his long handles on his next trip around. . . . Bill Sheffield reports that business in the panhandle and the west is going good, despite all the concern over the current bill before the Texas Senate. . . . Bill Helm of Childress reports that the virus had him going for a week or so, but feeling mucho better. . . . Raymond Williams is traveling again, this time to San Antonio, Texas. . . . T. P. Moore of Amarillo is expanding his route with more and more Wurlitzer 1400's. . . . Hoss Robinson, Capital branch manager, off to West Texas and the panhandle. . . . Bill McCall, prexy of Four Star Sales Company, dropping by for a visit between planes.

Juanita and Dewey Parsons off for an extended vacation through the southern states. . . . Sam Maceo, one of Galveston's first operators and owner of the fabulous Balinese Room passed away in a Baltimore hospital this past week. . . . Frank Emerson returned from a business tour of the northern states. . . . Gilbert Castillga, cabinet refinisher at Walbox Sales leaves his excellent work behind him as he throws in with Uncle Sam. Gil has been with Walbox for three years and earned merit from many operators for his fine work. . . . Rock-Ola representative Lou Sebastian has been guest of Walbox Sales for several days. . . . Benny McDonald took a flying trip to Georgia despite the virus he has been trying to shake.

IMPORTANT: Due to the fact that Mack Womack's widow and four children were left no insurance or income, the American Distributing Company has generously started a "Mack Womack Fund". If you feel that you can donate any amount please make your checks payable to Mrs. S. A. Womack Jr. and mail to American Dist. Company, 4014 Elm St., Dallas, Texas.

THRU THE COIN CHUTE

CHICAGO CHATTER

Most important news of the week is the fact that some of the manufacturers who had reported conditions worse than they had experienced in all their long history, as far as sales were concerned, since Jan. 1, '51, elatedly stated this past week that they were now enjoying the first real signs of a good business pickup and, according to all indications, the business pickup would continue, they said, for they have been receiving more orders this week than they have received in many past weeks. . . . Most important news to all concerned was NPA's announcement that the long awaited CMP (Controlled Materials Plan) would go into effect for the third quarter of this year, beginning with July 1. This will cause a scramble for whatever of the three critical metals (copper, steel and aluminum) remain (according to quotas and restrictions) among those manufacturers who have no priorities. That means, according to coinbiz experts, that there will be much fewer new products seen from now on in. . . . Harry Binnie of Binco, Fort Wayne, Ind., phones in to advise, "Business going along very well." He expects to be in our town in a few weeks. . . . Sophie Tucker, "The Last Of The Red Hot Mommas," is coming thru for the juke boxes of the nation with two platters. One is her famous rendition, "Mr. Siegel." The other is a fast spinner (2 minutes and 19 seconds) entitled, "Make 'Em Say Please." Here's hoping that great gal, Sophie Tucker, will get the support of the juke box biz. . . . Another disk that sounds like a click with tavern owners is one especially written for the taverns by Al Trace who records it, too. It's called, "Why Go Home." . . . Joe Batten, vice-prexy and treasurer of Exhibit Supply Company resigned as of April 1. Joe is on his way to Los Angeles where he will join in with his son's business enterprises. He loves California sunshine, Joe told us many times. . . . J. A. "Art" Weinand of Rock-Ola Mfg. Corp. sure was a busy man this past week as this issue will attest. Art has been going like a sonofagun. Taking care of the war work as well as the phono biz of the firm. This includes the promotion, exploitation, selling and advertising of the Rock-Ola "Rocket '51-50" phono. . . . Ben and Trudy Coven hid themselves to French Lick, Ind., and spent the week, just resting. And playing lots of golf on the famous French Lick golf course. "It was simply grand," they both chorused, "and we sure wished we could stay on and on and on." . . . Frank Mencuri, Exhibit sales manager, left for a trip thruout the deep south. First stop, New Orleans. Where Frank is probably reading this right now. He'll be gone for about a month covering the southern gentry. In the meantime, Ford Sebastian steps in to take over Frank's duties, in addition to his own work. . . . Joe Abraham of Cleveland phones to advise that he's right in the midst of moving to his new quarters. Joe also advises that the building will be only half finished when he gets in on May 1. But, he'll block off half, and let the contractors complete the job. Before taking over the entire quarters. . . . Harry Brown is liquidating his bell biz here. Firm will continue doing business in new and used machines, he advises. But, as far as bell reconstruction is concerned, "That's finished," Harry says. . . . Hymie Rosenberg speeding downtown in his Olds. . . . Don't wear out the choppers chompin' on matzohs, you-all. . . . Helen and Eddie Cusson became grandparents a few weeks back, they write from Portland, Ore. Advise that their partner in Cusson Distrib. Co. (their son) Art, was responsible (in part anyway) for husky little Michael Arthur. First grandson of these two very, very swell people. . . . Rudy Kit of Suburban Music Service, Berwyn, Ill., write in to advise that since they changed all of their pinball games to 10c play, "Receipts have more than doubled." Rudy is now changing all his phonos to 1 play 10c, 3 plays 25c. . . . It'll be a lot easier readin' The Confidential Price Lists this issue. But, we want to take this opportunity to most sincerely thank everyone of those many, many coinmen who wrote in while voting, complimenting and acclaiming The Cash Box for: "The great work you have done for this industry. You're the 'bible' of this business." We saw the letters, which were sent to us from our New York office. All we can say is: "It was one of the most thrilling moments of our life to read them." . . . Always remember: "It's what's in The Cash Box that counts." . . . Cee Davidson, ork pilot of The Chez Paree, has some very swell three dimensional pics of Lyn Durant and all the boys gathered about the famed United circular bar at the factory. Pics are so lifelike in three dimensional viewer that the boys actually seem to breathe. . . . Mac Brier, Lee Taylor and Harold Saul over at Coven's advise that they are working as fast as they can helping music ops convert their phonos to dime play. . . . Carl Christiansen, out on the road for Coven, reports in each day that the firm being commended for its stand on dime play. . . . Herb Jones of Bally one of the busiest guys in town. Administering the allocation of materials necessary to continued production under the quota restrictions. Trying with all might and main to satisfy all those ordering Bally products. It's a big time job to utilize whatever materials the firm can obtain carefully into production lines. . . . Georgie "The 'G'" Jenkins has joined the Art Garvey club—"Seven Up only." . . . Tom Callaghan still relaxing at home and hoping to be back at his desk very, very soon. . . . Jack Nelson on the road covering the south-central distribs for the firm and, at the same time, making contact with the big prime war work contractors for sub-contract work. . . . Ben Becker doing the "Nelson-job" in the eastern states. . . . Where's Johnny Casola? . . . The way Bill DeSelm is rushing thru orders for United's "Five Player Shuffle Alley" seems that this game will never end its production run. . . . Herb Oettinger wondering about the Cubs. . . . Ed Levin visiting down in Miami with Sam Wolberg and Mrs. Levin and his son. . . . Sam Lewis says, "Business perked up very fine." Nate Gottlieb hard to reach these days as long distance calls block off his phone from Gottlieb distribs asking for more of the firm's games. . . . Sam Stern of Williams thrilled with the instant reaction to the firm's new "Super World Series" that features all types of coinplay combos. Sure to click because of the 50 second playing time feature. Those are the two features pinball game ops have demanded. Speedier playing time. Credit coin chute action. They've got both featured on this new Williams' game. . . . Shangri-La food growing more popular with coinmen. Many to be met there any evening in the week. Max Hoffman and Frankie Harmon of Shangri-La acquainted with most of the boys. . . . Joe Brilliant of Detroit tells us ops thrilled with the firm's new show-rooms. (See this modernistic spot when in the Motor City.) . . . Leo Dixon working harder than ever he tells us over the phone from Youngstown. . . . Happy Birthday This Week To: Joe Ash and Jack Mitnick, and Al Siegel of Toronto.

CALIFORNIA CLIPPINGS

Very much the topic of the week, night and day along the L. A. Coin Row and wherever in this town music operators meet is the ten cent play that has been adopted by San Diego. According to all reports reaching this area, the new setup is working out very successfully for all concerned. As we gathered in discussing this with Stan Turner and a few of the boys over at Paul Laymon's, the San Diego ops have been a cooperative group of fellows for some time, even without any formal organization to bind them together. It was also generally felt that it wouldn't be that easy to establish ten cent play in the L. A. area, what with the number of spare time operators who have shown indication in the past of valuing four bits on the side in a hurry than a steady buck over a period of time. . . . While we were at Laymon's, Capitol Records distrib men Paul Featherstone and Joe Matthews dropped in to make sure the Wurlitzer floor model had its fair share of the latest Capitol recordings. It did, what with the Laymon crew being so appreciative of the cooperation shown by the Capitol staff in bringing out the live name talent for the Wurlitzer 1400 showing.

That's an interesting specimen of quartz brought in by Lancaster operator Frank Roberts to Laymon's. Don't know whether it contains gold, uranium or just plain rock, but it's colorful enough to have all the customers asking questions about it, and leave it to Paul Laymon and Charlie Daniels to come up with some weird answers. . . . Paul and Lucille were all set to take off for the Pasadena Flower Show although from what we hear tell of the Laymon garden, Paul should be able to give the experts a few pointers on planting petunias. . . . Spent a few spare minutes trying our skill on several new 5-balls, including Gottlieb's "Minstrel Man" and Genco's "Stop and Go". The latter is a lively number while the Gottlieb game is also one of the most intriguing yet, with the little minstrels popping up all over the place and the protective gate dropping down just when you least expect it, all adding up to some choice fun and excitement that can't be bought at the price in any other amusement field that comes to mind.

Off to Chicago was F. W. Bergen, local office manager of the International Forwarding Company, to attend the funeral of company president W. A. Bade, who died in Panama while on a world cruise. The outfit, we understand, hauls games, music and equipment for most of the firms in the industry. . . . Phil Robinson all aglow over the reception given Chicago Coin's "Hit Parade" and modestly admitting that the box deserves such reception. . . . Jack Simon still doing a nice steady arcade business and looking over a few pieces for studio rental while we were in.

Joe Peskin at the office just checking over the situation and finding it going along nicely in the dainty but capable hands of Phyllis and Dolores. . . . Fred Gaunt still waiting for that terrific new game he says the business needs and meanwhile selling everything that will sell in the game field and doing his share with Bud Parr on Rock-Ola music. . . . On the Row: Santa Maria's Al Cicero. . . . Fred White of Sanger. . . . C. C. Ellison and Frank Roberts of Lancaster. Southgate's Pete Shupp. . . . Johnny Ketchersid from Artesia. . . . S. L. Griffin of Pomona. . . . Riverside's Jack Neal. . . . Ray Hernandez from Puente. . . . Clyde Denlinger of Balboa. . . . Barstow's Lela Smith. . . . Dick Harrison of Bloomington. . . . Colton's Milton Noriega. . . . Jack Myers of Maywood. . . . Santa Ana's Bert Hammond. . . . Al Bringas of L. A. . . . Lompoc's Norman Christ. . . . Charlie Gauger from Ventura.

MINNEAPOLIS, MINN.

The South Dakota State Operators Assn. held its regular state meeting at Watertown, South Dakota, and Mike Imig, president presided. The members present were: Harold Scott, Secretary-Treasurer, from Mobridge; Norman Gefke of Sioux Falls; Herman Fischer of Aberdeen; Bob Shay of Wessington; Darlow Maxwell of Huron; Ted Salverson and Earl Porter of Huron; Gordon Stout of Pierre; Roy Foster of Sioux Falls; and Jack Bailey of Twin Brooks. Hosts for the meeting were Arnold Brevik, Al Reese and Burrell Brown of Watertown, South Dakota. Distributors present were La Beau Novelty and Sales Co. represented by Ray Selmann; Automatic Games by Irv Lindeholm; and the Lieberman Music Company represented by Hy Sandler and Les Rogstad. The Lieberman Music Company showed the new 1400 Wurlitzer to the operators. Ike Pearson of Bridgewater was not present due to the fact that he is vacationing in Florida.

After the meeting Darlow Maxwell and his wife drove into the Twin Cities to pick up supplies and machines for their route. . . . Walt Schmidt of the Red Wing Novelty Company was in town, as was Amos Miller of Spooner, Wis. to pick up supplies. . . . Lyle Kesting of Appleton was in town for a quick trip. . . . The Lieberman Music Co. was showing the new Chicago Coin "Hit Parade" 45 R. P. M. phonograph and it has been receiving acclaim from the operators who have seen it. . . . Other Wisconsin operators in town were John Galep of Menominee, and Leo Demars of Ashland. . . . Ben Jahnke of Hutchinson made a quick trip into town to pick up equipment for his route. . . . The Minneapolis operators mourn the passing of Frank Kolar, veteran coin machine operator in this area.

ST. PAUL, MINN.

There is one operator in the State of Minnesota, who feels like Noah in the ark, and he is Kelly Diedrick of Chaska, who joined in with several towns people to help evacuate refugees from their flood stricken town. Boats were manned in an effort to get most of the people to a safe place. . . . The nearby town of Shakopee found itself in the same predicament. . . . St. Paul also has had its share, when the Mississippi river reached the highest peak it has been since 1881, causing the shut down of the Armour meat packing company, and many business establishments located along the river. Approximately 1,500 people have been evacuated so far. . . . Bob O'Brien, Concord Novelty, So. St. Paul, says that three of his locations are under water, and is wondering "if the water will affect the shufflebowlers."

Visitors included Jim Lucking, Benson; Wally Fischer, Pipestone; Ike Black, Springfield; Mrs. Terveer, Winona; and Fred and Stan Maytas, Moose Lake. Ray Thraen reports another snow storm in his town of Tracy. . . . Norm Hanson of Osakis calling on several of the distributors. . . . Mr. and Mrs. Darlow Maxwell of Huron, S. D., were the only visitors from the Dakotas this past week. . . . I. F. LaFleur's son from Devils Lake, N. D. is down in Pittsburg, visiting with relatives for a few weeks. . . . John Kalasardo is up and around again, after having a siege of long illnesses. He and his wife are completing plans for the selling of their coin machine route in Ladysmith, Wis.

An Operator And Amusement Assn. Official Boosts "Public Relations"

NEW YORK—"Good public relations and good press relations are vital necessities for all operators" writes one of the country's most experienced operators and an amusement association official. "It is especially important to have good press relations. We are passing on several interesting points which may help to maintain a tranquil and understanding relationship between the operator, the press, and the public." (Ed note: At the request of this coinman, his name is omitted from this story).

Here are the four points stressed:

(1) Every operator and distributor should, in himself, be a public relations director. He should make every possible attempt to be a good citizen and a credit to his community. He should not assume the attitude that, because he is an operator, he cannot partake in any civic affairs. An operator should sell himself and his personality to the public. He should make every possible attempt to be a good citizen. He should positively take part in as many civic and community affairs as possible. He should partake in, and contribute to, as many worthy charity

drives as he can afford. It is not only bad public relationship, but, it is bad judgment for operators to wear flashy clothes; drive expensive, ornate cars; wear flashy jewelry; or do anything else that would cause undue criticism.

(2) If your business is experiencing bad press notices, it would be wise for someone from your association, who is experienced in such matters, to contact the editors of the various papers and talk the situation over with these gentlemen. It can do no harm. Most of the time, a great deal of good can be accomplished from these meetings. It would do well to point out to the papers that you are like any other businessman, with the same high licenses, taxes and expenses that they have. It is always a good policy to be frank and truthful to newspapermen. If they want a story, give it to them. But, be truthful. You have nothing to hide. Then, maybe they will write their story in such a way that it will give you a break. If you say nothing, and refuse to talk to them, they will slant their stories with exaggerations and innuendos. And then a great deal of harm has

been done. It is always best to point out to the newspapers that you are providing amusement, and that anything that so many people derive such a great deal of fun from cannot be too bad. If the papers have some kind of pet peeve, such as minors playing the games, assure them that this situation will be remedied immediately.

(3) The hundreds of location owners in a city have a very large voice in the government. Your tavern owner is friendly with a great deal of people. Most of the time, he is an advertiser in the newspapers, and sometimes exerts a great deal of influence in his community. Let him know what it will mean to him to be deprived of the revenue from his coin-operated equipment.

(4) It is always best for operators and associations to advocate an ordinance or law providing for a fair

license on equipment. Naturally, not an exorbitant license that would tax you out of business, but, a fair license that would give the city and the state a part of the revenue from your games. When the city and state get such revenue, and make good use of it, it helps you a great deal in your relations with the press and public. There is no reason why coin-operated equipment shouldn't carry its fair share of the burden of taxation. With the socialized trend in government, cities and states need more revenue as time goes on. Coin-operated equipment is always a good source for such revenue. Many operators and associations fight even a small license. This is a very big mistake. They should do everything in their power to see that there is a fair license put on their equipment.

THIS WEEK'S USED MACHINE QUOTATIONS

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists", rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price.
